

Dems Urged To Work Until 'Last Vote Counted In '64'

WASHINGTON (AP) — Democrats who banked about \$1 million Friday night with an inaugural anniversary extravaganza for President Kennedy were prodded today "to start working now and keep on working until the last vote is counted in 1964."

Chairman John M. Bailey said in a report to the party national committee that despite the repulse of Republican assaults on the Democratic congressional majority, last November's balloting

flew some danger signals for the next presidential election.

He said there are 20 million adults who are not registered to vote—"and most of them are Democrats." He urged hard work to get them registered and to the polls.

"In 1960," he said, "the Republicans increased their congressional vote by 45 per cent over 1958. We increased ours by only 36 per cent. Then in 1962 the Republican congressional vote decreased only

16 per cent while ours dropped 32 per cent."

The chairman sounded his note in the aftermath of party enthusiasm over the success of a \$1,000 a plate dinner and a \$100 a ticket variety show gala at which President and Mrs. Kennedy starred.

It was a festive evening for the Kennedys and Vice President and Mrs. Lyndon B. Johnson, who accompanied them from a downtown motor hotel to the National Guard Armory, where about 6,000 of the party faithful saw an exciting array of star acts.

When the show was over, Kennedy sounded the only serious note of the evening when he told the crowd: "A party is of no use unless it fulfills some national purpose. I said the other day in the State of the Union message that we are not on the top of the hill, but on the side of the hill."

"I don't think in this administration or in my generation or time will this country be at the top of the hill, but some day it will be, and I hope when it is, that they will think that we have done our part."

Kennedy performed valiantly as a table hopper at the dinner for \$1,000 contributors before the gala. Mrs. Hale Boggs, wife of the House Democratic whip, reported as a cosponsor that 540 persons attended.

If all of these paid \$1,000 each and the 6,000 in the armory chipped in \$100 each, the Democrats had more than \$1 million to wipe out their campaign debts and have a little left over.

Screen stars Gene Kelly and Kirk Douglas served as masters of ceremony for a variety show that included opera star Joan Sutherland and the New York City Ballet dancing to John Philip Sousa's "Stars and Stripes Forever"—no mean accomplishment.

Kelly said this was only a warmup for later galas, adding: "After all, Mr. President, you'll be here for another six years." The audience thundered agreement.

Board of Education To Meet Monday

Faced with a tight money situation due to less county tax money than anticipated, the Salem City Board of Education convenes Monday night to set the 1963 budget.

The new appropriation, drawn up by Supt. of Schools Paul A. Smith and Asst. Supt. D. W. Fadely, will be presented to the board for its approval as the evening's main item of business.

The 1962 budget, based on an estimated appropriate amount of \$1,504,648.23, totaled \$1,481,015. However, final receipts totaled only \$1,449,361 a shrinkage of \$55,286.

STEUBENVILLE BOILER EXPLODES

STEUBENVILLE, Ohio (AP)—Explosion of a steam boiler at the Steubenville Elks Lodge wrecked an office, blew out an interior wall and a stairway to the second floor, smashed two glass doors and injured one person. Damage is estimated at more than \$20,000.

Injured was Miss Caroline Jacoby, 45, an employee in the office directly over the boiler. She was treated for eye and body cuts inflicted by flying debris.

Shaken up by Friday's blast were a score of persons in the first-floor dining area and club rooms.

FINED AFTER CRASH

DAYTON, Ohio (AP)—George W. Almon, 28, of Dayton, whose car crashed into a house early Friday set it afire and injured two persons, has been sentenced in Municipal Court to 10 months in the city workhouse. Almon was also fined \$1,100 on charges including driving without a license and improper operation. His driving rights were suspended a year.

CITED AFTER CRASH

A car driven by Arthur Lewis Toot, 20, of 157 Court St., Columbiana, was extensively damaged when it went out of control on County Road 400, about two and three tenths miles east of the Stark County line.

The vehicle left the road and rolled over. Toot was cited by highway patrolmen for excessive speed.

MAN DIES IN CRASH

CLEVELAND (AP)—Vincent Schwarz, 53, lost his life and his two companions were injured when their car slammed into the rear of a parked truck here Friday night. This was the city's first traffic fatality this year.

LIFT SUSPENSION ORDER

Liquor license suspension of the Gold Bar at the Metger Hotel, ordered Nov. 28, has been dismissed, effective Jan. 17, by the Ohio Board of Liquor Control. A delinquent sales tax assessment has been paid, the board explained today.

Cites Need, Proposed Uses of Building

School Board Prepares Post Office Brochure

A seven-page brochure giving details of the proposed acquisition of the old post office for Salem school purposes was prepared Friday by school administrators for distribution to interested persons.

The fact sheet gives information on the Board of Education's resolution, the description of the property, evaluation, proof of need, detailed narrative description of uses, and estimated costs.

The paper presents details on how the structure could be used

for administrative offices, central storage, maintenance headquarters, curriculum center, reading laboratory, audio-visual center, pupil personnel services and other facilities.

THE OUTLINE, PREPARED by Supt. of Schools Paul A. Smith and Assistant Supt. D. M. Fadely, indicates the renovation will cost an estimated \$5,000. Exterior and interior painting is calculated to cost \$1,000, the addition of partitions, storage shelves and bins, \$3,000, and minor changes in certain lighting and facilities \$1,000.

Post office officials indicate the plumbing and heating facilities are adequate as they are," Smith stated.

The administrators estimated the annual heating bill would be about \$342 based on 60 tons of coal at the current cost to the Board of Education of \$5.70 a ton.

THE BOILER WOULD BE fired by one of the school's maintenance workers, Smith reported, who would work in the building so no additional personnel would be needed.

When the building was used for postal services, electric bills ran from a minimum of \$50 to a maximum of \$120 a month. Schoolmen feel the cost of electricity if the building were used for school purposes would not exceed those amounts.

A building with the same square footage as the main floor of the post office would cost between \$75,000 and \$80,000 on our land on the approach to the high school, Smith declares. "Such a \$75,000 structure, however, would not include the storage and maintenance facilities provided in the post office," he added.

IN ANSWER TO A question of the transportation of supplies from the proposed storage center, Smith said books and materials would be distributed by the school truck by which food is delivered from the Senior High to the Junior High School cafeteria each noon.

The administrators conclude the brochure with this sentence: "The question resolves itself to this point: Should the federal government or Salem Public Schools profit from the disposition of the Post Office?"

Mayor Dean Cranmer and other public officials will be mailed copies of the brochure. The superintendent said other interested residents may obtain a copy at his office during school hours.

With Patients

Leland S. Johnson of Winona is in satisfactory condition in the Cleveland Clinic where he underwent surgery Friday.

Lance Steffel, 7-year-old son of Mr. and Mrs. Wayne Steffel of 1571 Southeast Blvd., has returned from Youngstown South Side Hospital where he had been a patient for surgery.

had been trimmed off. One surgeon reported that "everything was severed except two muscles and a nerve, the most important one, the sciatic nerve."

Arteries, veins, muscles and nerves were stitched together and then the jagged pieces of skin were closed over the wound.

The stocky patient withstood the six-hour operation very well, Dr. Moore said, and was able to talk to doctors within minutes after it was completed.

His case resembles in some respects that of Everett Knowles, 13, a Somerville youth whose right arm was severed in an accident last May.

Young Knowles' arm, completely separated from his body, was put back in place by surgeons at Massachusetts General Hospital. Knowles probably will need additional operations if his arm is to be restored to its original usefulness.

Ken S. Jones, M. D., H. W. Kepner, R. D. Miller, F. J. Moore, G. C. Rauch and A. P. Rudibaugh and in addition to Mr. Hiscox and Mr. Steitz re-elected officers of the bank as follows:

President, E. M. Stephenson; executive vice president, A. G. Farnie; vice presidents, Richard T. Speidel, R. A. Oswald and Earl R. Miller; cashier, D. L. Vincent; assistant vice presidents, W. L. Houger, C. L. Roof, Howard R. Schaefer; assistant cashiers, M. E. Hollinger, George C. Ezqui, Karl L. Stoudt; comptroller, Fred W. Koenreich, Jr., auditor, Miss Eleanor McMurray.

Manager of South Side office and assistant cashier, Richard L. Greene; manager of Lisbon office and assistant vice president, C. R. McKenzie; assistant manager of Lisbon office and assistant cashier, C. A. Faust; and manager of Hanoverton office and assistant vice president, Lee E. Bowman.

Bank Earnings High

"Earnings-wise the bank experienced one of the best years in its long history," Mr. Stephenson reported, "and as a result, the bank declared in addition to its regular dividend of \$2 per share an extra \$1 a share dividend. After dividends and taxes were paid, \$83,000 was added to the undivided profits account. Other highlights of the report reflected a gain in deposits over the previous year-end of approximately \$1,300,000."

DeGaulle

(Continued from Page One)

The timing of De Gaulle's press conference last Monday is considered by officials here to have been deliberate in two respects—he wanted to wreck British negotiations for entry into the Common Market because they appeared to be on the verge of success, and he wanted to prepare the ground for his meeting with Adenauer.

Arraignment Set Monday In Lisbon

LISBON — Arraignment for the 20 defendants indicted by the January Grand Jury will be held Monday at 9:30 a.m. before Common Pleas Court Judge Joel H. Sharp.

Twenty-two persons were indicted but two defendants have not yet been apprehended. It is expected that criminal trials will begin Feb. 4 for defendants who plead not guilty at arraignment.

which struck the area a week ago, Dalhart in the upper Panhandle reported 4.

Glaze warnings were in effect for much of north central and northeastern Texas.

Below-zero temperatures were reported all over Nebraska and in parts of Montana and Colorado. The coldest reported was -41 in Butte, Mont., followed closely by Bozeman with -37.

Many points reported -20 or colder through Montana, North Dakota, northern South Dakota and northern Minnesota. International Falls, Minn., was -36. In Colorado, Akron reported -13 and Denver -11.

Light snow fell in the northern Arizona mountains and was expected to spread to the eastern portion. Nebraska reported 5-7 inches of snow in the western portions.

Extensive cloudiness covered much of the central and southern Plains and the Mississippi Valley eastward to the East Coast. Considerable fog was reported along the Atlantic Coast and Southeast and along the Gulf Coast, accompanied in some areas by light drizzle.

New England received a breather after a day of rain, sleet and some snow, but temperatures were expected to drop again, with some expected to go below zero, and snow was forecast.

A snow belt stretched from the central Plains eastward into the central Mississippi Valley, southward into northern Texas and New Mexico and westward into the central Rockies.

The coast states, Southeast and southern Ohio Valley generally reported above freezing temperatures, including some 50s and 60s along the Gulf Coast and the Florida keys, where a 73 was recorded.

Temperatures tumbled in parts of the Midwest, Iowa, which has suffered in temperatures averaging 20 degrees below normal, braced for expected -20 weather in the northern counties.

Fire Causes \$400 Damage In Lisbon

LISBON — Fire caused by either wiring or a defective chimney caused an estimated \$400 damage to an upstairs apartment at 123½ N. Market St. Friday at 7:30 p.m.

Firemen said the blaze started in an unused bedroom in the apartment of Mr. and Mrs. Thomas Homan at the rear of the former Flora Flower Shop.

George Boston of Washingtonville, inspector for the state fire marshal's office, will be asked to inspect the apartment which is owned by John C. Fitch, 386 E. Lincoln Ave., firemen said.

Topics of Interest To Farmers; Notes About Meetings

By OVID A. MARTIN

WASHINGTON (AP) — Plans may be made later this year on construction of a building for the most extensive collection in the world of books, magazines and related materials on agriculture.

In his budget report to Congress, President Kennedy recommended appropriation of \$450,000 for preparation of plans, specifications and drawings for a library maintained by the Agriculture Department to aid scientists in the United States and other countries.

The library now is located in one of the Agriculture Department buildings here. But present facilities are adequate to house less than half the 1.2 million volumes in the library collection.

The library has been given much credit for great advances made in increasing agricultural efficiency in recent years.

WASHINGTON (AP) — The government purchased a record quantity of 403 million pounds of surplus butter under a farm price support program in 1962.

The amount compares with the previous record of 359 million in 1953. The cost of last year's purchases was around \$250 million.

Other dairy products bought under supports last year included 100 million pounds of cheese and 1.086 billion pounds of nonfat dry milk. The total cost of the three products was in excess of \$500 million.

This heavy accumulation of dairy surpluses is leading the Kennedy Administration to propose a new dairy program designed to encourage farmers to reduce production.

WASHINGTON (AP) — Turkey production in 1963 is expected to be 3 per cent larger than this year.

An Agriculture Department survey was said to indicate a crop of 94.4 million birds compared with 91.8 million in 1962.

Damascus IOOF

Officers Installed

DAMASCUS — The I.O.O.F. lodge of Damascus recently installed Earl Sigman of Beloit as noble grand for the year.

Also installed were Lee Steer, vice grand; Donald W. Cobbs, recording secretary; William McClaren, financial secretary; and Larry Miller, treasurer.

Joseph E. Bush, district deputy grand master, was the installing officer, aided by members of his staff.

During the regular Tuesday night meeting, the charter was draped in remembrance of Lawrence S. Strawn, a 60-year member of Damascus Lodge who died recently at the I.O.O.F. Home at Springfield.

Why Not Permit Competition?

The president of the Association of American Railroads, Daniel P. Loomis, prepared such a good speech for the Economic Club of Detroit Monday that it should be enjoyed by every U.S. citizen who owns a car, stops, looks and listens at railroad crossings, gives trucks a wide berth and watches airplanes threading the sky.

His theme is out of style in railroad transportation—competition. Let railroads compete with trucks, planes, bus lines and barge lines on even terms, he proposed. "If the same regulatory fabric surrounded the auto industry as now enmeshes railroads," he explained, "the auto-maker who wanted to cut his price \$100 would be hailed before a governmental tribunal by his competitors and forced to defend and justify his action. They would make it out to be practically a crime to cut prices."

Mr. Loomis says American railroads want to compete on even terms with their competitors. Specifically, they want Congress to change the rules so railroads can reduce their rates at will for commodities exempt from regulation on truck and barge lines. They do not ask for the right to raise rates at will—only to reduce rates at will. Let consumers have a break.

He says all common carriers they are

fighting among themselves for a "steadily diminishing share of the total transportation pie when the real threat to common carriers of all modes is private transportation, which is growing by leaps and bounds.

This also is the theme of a recent Reader's Digest article—"The Crisis in U.S. Transportation." Its author, David I. Mackie, speaks of a crisis in transportation. The crisis has been defined by the White House and made the subject of a study. Congress has been asked to do something about it; namely, to let railroads compete for business.

But can Congress, influenced by politics and emotion, even by prejudice, undo what has been done by more than a generation of neglect? It over-regulated railroads when it was afraid of what they might do with their near-monopoly power.

When railroads came into competition with trucks, buses, private automobiles, airplanes and government-operated barge lines, Congress refused to withdraw its over-regulation. It is making railroads fight their competitors with one hand tied behind their backs.

All they want is to be untied. I is a reasonable request.

Old Idea Under New Auspices

The same Democratic party which tried to kill the investment goose that laid golden eggs for America is having a significant change of heart under President John F. Kennedy.

People who can remember when President Truman twice vetoed legislation to reduce income tax rates after World War II for the sale of stimulating investment are wondering about this shift of policy. Are Democrats becoming economically mature at last?

They recall that President Kennedy's theory about higher revenue from increased business income if reduced taxes were levied was introduced by Andrew W. Mellon when he was secretary of the treasury under Presidents Harding and Coolidge.

Mr. Mellon argued against the bitter protest of Democrats after World War I that too-high surtaxes dried up capital investment, stifled initiative, diverted capital away from productive industry and paralyzed business operations.

He propounded the novel theory that reduction of high bracket surtaxes would increase the overall yield by stimulating investment and promoting business expansion. This is exactly the argument being used now by the Kennedy administration.

FOR MORE THAN a generation, the Democratic party and its organized labor ally have been arguing that income taxes should be used to penalize those who seek to accumulate capital.

They have demanded that government use its authority to harass the goose that lays the golden eggs for jobholders and tax collectors. When John N. Garner was vice president of the United States he pleaded with Franklin D. Roosevelt "to let the cattle fatten up a bit—not to run them all the time."

When Harry Truman was president he twice vetoed bills authored by the late Rep. Marold Knutson, R-Minn., and pushed in the Senate by the late Sen. Robert A. Taft, R-Ohio. And what were the Knutson bills designed to do?

To stimulate capital investment in productive enterprise by reducing surtaxes—precisely what the Kennedy administration proposes to do in 1963 with a combination of quick adjustments in existing tax laws and an eventual reform of the federal tax structure.

AT LONG LAST, the chief spokesman for the political party that said taxation should be an instrument of social reform has come around to the view that the government

Fun With Figures

By Truman Twill

A game in this country more popular than bowling, basketball and golf is Fun With Figures.

It has nothing to do with female figures, which are in another dimension of fun. Nor has it anything to do with higher mathematics.

You pay a buck for something you once bought for 25 cents. Then you tell someone what happened and say gloomily, "I wonder where it will end. Imagine, a buck for a two-bit item. It's ridiculous."

That's Fun With Figures. It's a gloomy game.

The game builds up to big league size in government spending. Someone looks at the spending total, exhales and sighs, "Great cannibalistic catfish! That's more money than was spent from the Tower of Babel up to the Golden Gate Bridge. The fools must be mad."

Or they mutter, "Great creamed codfish with parsley! If people had started to piddle away a dollar a minute from the time Aristophanes begat Dinwoodie III in the era of the Auk they wouldn't have piddled away this much, even if they never knocked off for the holidays."

It is a fact that if all the money were piled up, it would reach to Telstar. It is a fact that if laid end to end it would make a four-lane highway seven times around the earth in the vicinity of the Tropic of Capricorn.

It is a fact that if some fool had

cranked up a \$10 sale on a cash register every 10 seconds from the time of the first Henry Adams onward to 15 minutes after the inauguration of Roosevelt II he would not have been able to keep abreast of the interest charges on the national debt.

But comparisons of this kind are spurious. They all come out of a spurious assumption—that money is a system of fixed values. It isn't. It is a system of counting values that fluctuate like a coo-dancer's spangles.

Men once worked for a dollar a day and were glad to get it. They lived and raised families on a dollar a day. They now get a dollar for each fraction of an hour. So what if they pay a buck for something that once cost 25 cents? They're ahead and pulling away.

All money comparisons must be related to stable value before anything is revealed.

An automobile today is five times as good as when it cost three times as much, just before mass production reduced the cost to half that much but reduced the quality to a fourth what it had been and at the same time raised the road clearance 50 per cent and made it possible for Henry Ford to pay \$5 a day across the board to \$1 a day employees who had been across the barrel.

How long does an earner have to do something useful for pay before he earns a pound of potatoes—or a pound of anything basically nourishing? That's the only stabilized value worth comparing.

By DAVID LAWRENCE

The biggest piece of news in a long time — and by far the most reassuring to the American people — has just come in the form

of a speech by Khrushchev to the convention of the Communist party in East Germany.

For if there were any doubt that the Cuban maneuver was a hoax and that a major war,

with nuclear bombs or missiles,

has been and is farthest from

the intentions of the Soviet Union,

this now can be removed by ex-

amining the words of the Soviet

premier. In that speech, Mr.

Khrushchev acknowledged for the

first time that the United States

has at least 40,000 nuclear bombs

and warheads, and that the So-

viet Union could not risk the un-

leashing of such power.

The American government has

never revealed the figures offi-

cially, but the fact that Mr.

Khrushchev knows them is in it-

self significant of the way the

world is veering toward an era of

peace

This doesn't mean that the So-

viets, if they ever built up their

strength to equal ours, wouldn't

start bullying and threatening

again. It does mean that America

must maintain its military lead

no matter what it costs.

It also means that serious con-

sideration should be given to a

revival of the so-called "Skybolt"

program as a matter of the great-

est precaution involving the na-

tion's safety.

President Kennedy is putting

his reliance on missiles fired from

this country and on bombers that

will be based in Western Eu-

rope. In addition, he is counting

on the Polaris missiles, which

would be directed toward the So-

viet Union from submarines un-

der the seas.

THE QUESTION arises wheth-

er it is safe for the United States

to discard its intercontinental

bombers which can fire such mis-

siles as the "Skybolt" from the

air at points 1,000 miles away

from Soviet territory.

Indeed, the overseas bases

might be destroyed by Soviet

missiles or bombers, or they

might someday be withdrawn

from our use in Europe, where

communism could conceivably

frustrate national policy.

This possibility is illustrated by

the difficulties nowadays in try-

ing to get agreement on a NATO

formula for handling nuclear

weapons.

It's worth while, therefore, to

examine carefully the exact

wording of the Khrushchev

speech, an excerpt from which

follows:

"I will tell you a secret: our sci-

entists have worked out a 100-

megaton bomb. But according to

our scientists' calculations, a 100-

megaton bomb must not be used

in Europe.

Should our probably enemy

unleash war, then where should

we drop it — over West Ger-

many or France? The explosion

of such a bomb over this terri-

tory would affect you and several

other countries. Therefore, we can

use such a weapon only outside

the confines of Europe. I am say-

ing this in order that there should

be a more realistic appreciation

of what horrifying means of de-

struction there exist. . . .

"COMRADES, to put it in a

nutshell, as I already have said

during the session of the Supreme

Soviet of the U.S.S.R., it is not

advisable to be in a hurry for

the other world. Nobody ever re-

turned from there to report that

one lives better there than

here. . . .

"At present, according to the

estimates by foreign scientists

and military experts, the United

States has roughly 40,000 nuclear

bombs and warheads. Everyone

knows that the Soviet Union, too,

has more than enough of this

stuff.

"What would happen if all that

nuclear armament were dropped

on human heads? As the result

of the first blow alone, 700-800 mil-

lion people would have perished.

All the big cities would be wiped

out or destroyed, not only in the

leading nuclear states — the

United States and the Soviet Union

— but also in France, Britain,

Germany, Italy, China, Japan

and many other countries of the

world. . . .

"I'm not saying these things

to frighten anyone. I'm simply

quoting data at the disposal of

science. . . .

"The Soviet Union . . . knows

well the potentialities of these

for the defense of our country and

of other socialist countries. For

that reason we have a responsi-

ble attitude in the matter of war

and peace.

"We do not want war. But we

do not fear it. If war is forced

upon us, we shall be able to give

a resolute rebuff to the aggres-

sors, and the aggressors know

it."

SO IT'S Mr. Khrushchev now

who relies on the deterrent power

of "massive retaliation."

The world at last has convinc-

ing testimony that a nuclear sta-

teme has been achieved. This has

come about largely through the

growth of American military pow-

er.

Certainly this hasn't all hap-

pened during the two years of

the present administration but is

the result of the build-up of nu-

clear weapons in general and of

missiles in particular during the

Eisenhower administration.

Hints from Heloise

— By Heloise Cruse —

Dear Folks: For those who have carpeted stairways... here's the answer to preserving rugs, energy, and keeping 'em clean.

These carpets may be kept clean in many ways. For those who have tank-type vacuum cleaners, I find it does a thorough job.

Beginning at either the top or bottom of the stairway and using your small attachment—such as we use to clean upholstery—we can get into every nook and corner.

However, this takes so much energy and moving of the tank that I do not do it often.

ANOTHER WAY is to use a dampened broom. I do this by

making a weak solution of neutral detergent and dipping the broom in it, hitting it against the side of the pail so that it is not too wet, and sweeping the entire carpet from top to bottom.

Then, beginning at the bottom step, use the vacuum attachment to suck up any moisture and soil that comes loose until you reach the top step!

I am sure that not many women realize it but the riser (or the carpet which lays on the edge of the step and is seldom walked on) also accumulates dust. This should be vacuumed once in awhile also.

In between thorough cleanings I have found a miniature carpet sweeper—which can be purchased in the children's toy depart-

ments—was the answer to all of my troubles.

This little carpet sweeper is a toy. But it works! It is so narrow that it fits on each step with no effort, the rush sill goes around as all wheels of the carpet sweeper stay on the steps.

It is easily emptied because it is so small that it fits over any waste basket and, best of all, its light weight saves more energy.

IT WOULD pay any homemaker to purchase one of these toy, miniature carpet sweepers. They are quite useful in many small spots such as when an ashtray is spilled—bang! Why lose your temper and go get the big sweeper when you can just pick up this lightweight one and in a jiffy it's all clean.

Our toy sweeper is kept in a closet near the dining room. After each meal I find that this is excellent to pick up residue from the floor of the dining room carpet which the children have dropped and so forth.

HELOISE.

DEAR HELOISE: I sometimes use a thin cheese spread on my bread instead of butter when making sandwiches. Try it. It's wonderful.

MRS. DON FITZPATRICK.

DEAR HELOISE: For those who wear white nylon uniforms, shirts, and so forth: to remove kitchen black, grease, or even car grease, rub in the spot some clean white lard as soon as possible.

After massaging it into the material pour on a liquid detergent to remove the lard. Soak a few minutes in hot water and wash as usual.

This will work even if the garment has been washed before finding the spot, but if this has happened it will take a lot more rubbing.

DEAR HELOISE: To keep a comforter or satin quilt on the bed, I tuck a small sheet-blanket or outing-flannel blanket on the back of the quilt and it works fine.

A READER.

DEAR HELOISE: Don't laugh, but I have found a way to keep from moving heavy chests of drawers, the refrigerator and heavy appliances when I vacuum. These have a "toe" space that is not big enough to get any attachment under but plenty big enough to see under....

Just take your vacuum to your chest or piece of furniture first and point the blower in at that little toe space!

Then... stand by to vacuum up the dust as it comes rolling out at your feet! Sure cleans it out.

MRS. QUESTION MARK.

Newspapers make a big difference in people's lives...

People who lead vital, dynamic lives mesh their thinking and activities into the whirling gears of today's social, economic and political machinery.

To stay in gear, they need all the help and information they can get. Most of it they get from newspapers... the only news medium which puts information in their hands in a retainable form to be read and digested when they need it and have time for it.

To be of genuine importance to people, newspapers must be free. No peoples are free where the press is gagged. So, it makes a big difference in people's lives whether or not their newspapers are free.

IT MAKES A BIG DIFFERENCE to people whether the cold war is warming up, whether we are losing or winning the space race... newspapers bring people the truth.

IT MAKES A BIG DIFFERENCE to home owners whether taxes go up or down, whether fire and police protection is adequate... newspapers keep them informed.

IT MAKES A BIG DIFFERENCE to investors whether prices of securities go up or down, whether business is good, employment up or down... newspapers provide this news regularly.

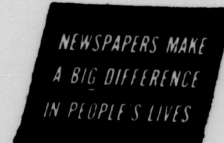

IT MAKES A BIG DIFFERENCE to housewives whether or not they get the most for their money when they shop for food, furniture or fashions... newspapers help them to shop intelligently.

IT MAKES A BIG DIFFERENCE to sports fans whether their favorite teams win or lose, where and when fishing's best. They find out in their newspapers.

The Doctor Says

By Dr. WAYNE G. BRANDSTADT

Most Mothers Can Nurse Babies

When it was learned about a century ago that infants could be fed by formula, wet nursing as a profession was doomed.

Formulas have brought nourishment to millions of babies but have led far too many mothers to nurse their babies halfheartedly or even to avoid trying to nurse them.

What was lost sight of was that breast feeding has many advantages over formula feeding. First, there is freedom from bacterial contamination.

Dr. Brandstadt Breast feeding is so economical and requires no elaborate preparation. Then too, the breast-fed baby is less likely to develop eczema and allergies. Mother's milk contains antibodies

against many of the infectious diseases to which the mother has acquired an immunity.

ONE OF THE MOST important advantages is the strengthening of the deep bond of love between mother and child.

Breast feeding cannot be allowed, however, if the mother has tuberculosis, severe debility, an infected breast (if only one side is infected, the other may be used), or severely retracted nipples.

Almost every mother can nurse her baby if she and her doctor wish it. One of the chief reasons many mothers do not nurse their babies is that doctors and nurses do not take the trouble to tell them the advantages and urge them to try it.

If a mother is able to nurse her baby for only two months, this gives the baby a far better chance at a healthy infancy than if the effort is not made.

"AND THEN PRINCE CHARMING"

Do you remember the undivided attention you gave to a story-teller . . . when you first heard Cinderella, Snow White, or some gallant warrior bold? It seems so long ago. And yet, that attention reveals within ourselves more than dreams; it reveals a secret longing after mysteries, after the things we do not understand, but somehow love.

Religion, in a way, is somewhat like that. Everybody is religious! But, of course, everybody doesn't call it that! Nevertheless, there is in the heart of man a secret yearning, a wish, a hope for things eternal. We express those wishes in church.

And somehow God hears our wishes and consoles and explains. That is a very important part of the Church; for it is a place of consolation and understanding, a place where wishes (prayers) are heard, where the mysteries of life gain new meaning.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Salem Halts Niles' Rally To Register 84-72 Victory

4 Tough Games Await Quakers

Beery Nears 1,000 Points For Career

By MARK W. MILLER
News Sports Editor

When it counted in the fourth frame, Salem showed it had the stuff left to turn back a fired-up Niles squad 84-72 in an Ohio Big 8 Conference clash at Senior High gymnasium.

After building a commanding 47-23 margin by intermission, the Quakers relaxed and Niles took advantage of the situation to chalk up 13 of 18 field goal attempts in the third period.

At the conclusion of the session, one of the officials commented, "Where did they (Niles) get this other team from?"

Salem, who is 7-3, has four straight tough ones to play. The card begins with Wellsville here next Friday. Then comes Akron South, Jan. 26, and Youngstown South, Jan. 29, also here; and a date with East Liverpool, Feb. 1 at Pottersville.

NILES HAD a two-game winning streak snapped and is now 5-3 for the campaign.

Four players fouled out of the contest. Both teams displayed a lot of courage, hustle and determination.

Veteran Bill Beery advanced his chances of snapping the Salem career scoring record held by Jack Alexander who poured in 1,050 points over a period of four years.

In three years, counting last night's game, Beery has tallied 890 points. It is believed Alexander also holds the three-year record with 900 points.

The Red and Black made 10 bad passes and had eight turnovers. Niles had a dozen bad passes and a half-dozen turnovers.

COACH JOE Bassett's squad held its own with Salem on the boards.

All five starters scored in double figures for the Quakers.

Coach John Cabas' aggregation made 13 of 17 from the free throw lane in the first half. The Red and Black canned 11 of 16 from the field in the second session.

Salem raced to a 23-11 lead in the initial period. Dave Capel provided the spark in the second quarter to ignite Salem's 24-point offensive attack.

A 5-9 senior, Capel made three nifty drive-in-lay-up shots that all out broke the backs of the visiting Red Dragons.

AT INTERMISSION Salem held a comfortable 24-point margin, and it appeared that the score would only get worse before the clash ended.

Niles hit shots from all over the floor, in the third period, some of them 20 and 30 footers. The Red Dragons hit an uncanny 72 per cent of their field goal attempts during the canto.

At one period during the fourth frame, the visitors climbed to within six points. The Quakers then settled to the task at hand, and went on to show they had the poise and class when it counted to win.

Salem attempted 62 shots and canned 30 for 48 per cent. The Red and Black tossed in 24 of 37 free throws for 64.8 per cent.

Niles, who gave the Quakers fits in the third canto, made 36.6 per cent of its shots. The Red Dragons attempted 79 field goals and hit the nets 27 times.

AT THE FOUL line the Red Dragons managed only to make 14 of 27 for 51.8 per cent.

Coach Cabas platooned Rick Platt, Rich Sweiter and Capel at the guard slots. All three did a commendable job.

King hauled in 26 rebounds for Salem. He got stiff opposition from Niles' Dave Nestor, 6-4, who pulled down 16 from the backboards.

Beery and Nestor shared scoring honors, each netting 23 points. Waller contributed 16 markers to the Red and Black victory.

The club chose April 28 as the date for its invitational shoot. A team shoot will be held July 20, and another tournament will be held Sept. 21.

Walt Gudat from Washingtonville was reinstated as a member, following his discharge from the Navy. Charles Christopher of Salem was welcomed as a new member.

Members are urged to attend the special clean-up session scheduled at the club's field range in Lisbon Sunday at 2 p.m. The next Columbiana County Archers meeting will be held at Theron's Market Feb. 6.

Lisbon Humbles E. Palestine 55-28 In League Contest

Lisbon's ferocious Blue Devils continued their winning ways Friday night as they humbled the not-so-vicious East Palestine Bulldogs 55-28 on the victors' hardwoods.

The victory was the league-leading Devils' fifth consecutive in Tri-County loop action and eight in nine season outings while the loss was the visitors' eighth in ten appearances. Lisbon's only loss was to Wellsville.

East Palestine was in the dog house from the opening tip last night. The Bulldogs tallied only six points in the first canto while Coach Gary Pike's county seat crew tossed in 12 and after that things got worse.

Lisbon entered the dressing room at halftime with a comfortable 24-13 margin and hopped their way to a 35-17 lead going in the final eight minutes of play.

Lisbon's Craig Pannier and Larry McPherson combined for 30 of the victors' points. Pannier swished the nets with eight floor shots for 16 counters while McPherson stuffed in six goals and added two free throws for 14.

In preliminary action the hosts dumped their opponents 43-37. Both teams will vie in league play again tonight. Lisbon will be on the road at Sebring while East Palestine will entertain Minerva.

Second Quarter Rally Gives Clippers Win Over Poland

The Columbiana Clippers, off to a lagging start, spurred ahead for good in the second quarter and bested the Poland Bulldogs Friday night, 47-36, in a battle of Tri-County League powers at Columbiana.

The victory kept the Clippers within reach of first place, undefeated Lisbon as Coach Rich Berryman's squad toted up its eighth win in 10 starts and a 5-1 record in league play.

Sparkplugs for the Clippers were Jim Ward with 13 points, Fred Gosney with 12 and Rick

Perrin adding 10 more.

Jim Allen tallied 12 points to lead the Bulldog scoring, followed by Bob Lindberg with 11 and Roger Northall with 10.

Columbiana trailed by one point, 14-13 in the first stanza but zoomed ahead with a 25-18 advantage by half-time. The Clippers held a 10-point edge by the end of the third quarter in which not a single field goal was scored.

The Clippers will attempt to improve their league record tonight when they meet a hustling Leetonia Bear aggregation on the

Bears' floor.

Coach Howard Kittmiller's Bulldogs will face the Louisville Leopards tonight at Poland.

Columbiana's reserves almost duplicated the varsity performance, whipping the Bulldog Reserves, 44-37.

Lowellville Upsets Crestview 55-52

Jim Kress tallied 26 points Friday night, half his team's total, in a losing cause as his Crestview squad was edged by Lowellville, 55-52, at the Mahoning County school in one of the surprise upsets of the Inter-County League race.

Crestview held an edge throughout most of the roundball match until in the final stanza, the Lowellville Rockets pulled into a 45-45 tie after the Columbiana County crew had held a 42-35 third quarter advantage.

Bob Baker was Crestview's second highest scorer with 14. Larry Rotunno starred for the Rockets with 19 markers.

The setback came as a shock to the high flying Rebels who until last night had won eight of nine games, losing only in a squeaker to Greenford. The Rockets had won only one of seven games before the Rebel fray.

Crestview plays host to Salineville tonight while the Rockets travel to Mathews.

In reserve action Lowellville whipped Crestview 50-34.

Bears Trim Louisville 47-41 In Loop Play

Sparkling Finish Gives Leetonia Fifth Victory

Faced with a 41-41 impasse with three minutes to go, the Leetonia Bears, abetted by the last-minute good fortunes of George Zepernick and Paul Conrad, forged ahead in the waning minutes to take a 47-41 decision over a val-dy night at the Leetonia gym.

The favored Bears, trailing 25-20 at halftime, spurred ahead briefly in the third canto only to be tied as time was running out. Paul Conrad's sharpshooting at the foul line and Zepernick's timely field goal saved the day for the Bears.

Henry Nemenz with 13 markers and Zepernick and Frank Guerrier with 12 each sparked the Bears to victory with Conrad adding eight more.

Don Sommers with 11 points and Bob Gladieux with 10 were standouts for the losers.

The victory gives the Bears a 5-4 overall record and a 4-2 mark in the Tri-County League, putting them in a challenger's dark horse role for league honors.

A sparkling performance by the Louisville reserve aggregation put to shame an inept Leetonia squad, 59-19, for the Bears' worst defeat of the season.

W. Branch Registers Victory Over Ravenna

Sparked by a 19-point effort by Dan Hendricks, the West Branch Warriors notched their seventh victory in 11 tries Friday night by trimming the invading Ravenna Ravens 55-50.

The Warriors moved to a 16-13 lead at the end of the first period but the game Ravens overhauled their hosts in the second period and led by one point, 30-29, as the teams left the floor at the half.

Ravenna was on top 44-41 at the end of three periods but a fourth quarter rally by West Branch proved too much for Ravenna to contain and the Warriors won going away.

Hendricks tossed in nine floor shots and a free throw for his

tallies and was aided by Dick Wallace with 12 and Gary Barber with 10. Tom Carnes was high for Ravenna with 13.

In preliminary action West Branch was victorious 31-26. The Warriors are on the road tonight at Youngstown Ursuline.

W. Reserve Bows 63-61 to Mineral Ridge

Mineral Ridge's Kenny Rhodes sank a field goal in the final 15 seconds of play Friday night, to give his squad a sensational 63-61 victory over Western Reserve on the Blue Devils' floor.

The Blue Devils led throughout the game but were held to only three points in the final stanza by the Ramblers in one of the most scorching finishes ever seen in an Inter-County League contest.

With one-quarter minute remaining, Reserve's Dick Owens missed a technical foul shot. Later a jump ball was recovered by Ridge which went into a free until Rhodes zipped through the winning two points.

The Blue Devils led 46-38 at half time but the Ramblers narrowed the margin to 58-53 by the third quarter's end. Tight, final quarter defensive play by the Ramblers was a decisive factor in the victory, a far cry from the 62-37 December rout of Reserve by Ridge.

Besides Rhodes the Ramblers' outstanding performances were turned in by Bob Wick with 19 points and Chuck Clark with 18.

Western Reserve's scoring was highlighted by Dean Sahli with 19 markers, Dick Owen with 16 and Frank Candler with 12.

The Blue Devils play host to Lordstown tonight on the Devils' floor while Mineral Ridge will be idle until next Friday's game with Mathews.

The Reserves fought a close battle from which Ridge emerged victorious, 51-43.

Springfield Local Rips Jackson-Milton

Jackson - Milton's Blue Jays jumped to a 13-1 lead over Springfield Local last night but couldn't contain the Tigers as they bowed 74-56 in Turnpike Conference play.

The host Blue Jays led 17-10 at the quarter post but fell behind 31-29 at the half and never threatened again.

Ron Sonedecker was high for Springfield with 30 while Porter led the losers with 12.

Jackson-Milton will host Warren St. Mary's tonight while Springfield entertains United Local's Golden Eagles.

Hill's 137 Leads Crosby Golf Event

By P. D. ELDRED
Associated Press Sports Writer
PEBBLE BEACH, Calif. (AP)—Former Crosby tournament champion Billy Casper confidently moved into contention today in Bing's \$50,000 golf classic, one stroke off the surprising pace set by par-breaking young Dave Hill, as the battle for leadership shifted to Pebble Beach's exacting Ocean-side course.

The four front-runners, with Arnold Palmer and Jack Nicklaus

in challenging position, make their third round bids over the usually windswept 6,747-yard Pebble Beach layout where Casper swept by Bob Rosburg to win in 1958.

Casper, one of the most consistent pros on the tour, sometimes plays the difficult Pebble Beach course like it was his private domain and, in 1961, blazed around the par 72 test in a course record of 65.

Billy toured the rolling Monte-

Peninsula Country Club course Friday in the second round in a 7-under-par 65 while the 24-year-old Hill put fine rounds back to back for an impressive 68-69—137 at the halfway point. Casper posted 73-65—138.

Three strokes off the pace at 140 were Palmer, who has done his share of scrambling in this 22nd playing of Bing's charity show, and Nicklaus, already a big winner on the pro circuit.

As the tournament went into its

third round, Casper looked like the man in the hot seat. Had he not stumbled into a couple of double bogeys at Cypress Point in his first round he might have been in command.

Today's action at Pebble Beach was scheduled for a national telecast. The four leaders were playing this course. They already have played the other two being used for the tournament—Cypress Point and Monterey Peninsula.

2 Teams Meet Again Tonight

Stanford Triumphs 57-48 Over Washington Huskies

By The Associated Press

Washington gets another shot at Stanford tonight, but the evidence is mounting that the Palo Alto Indians are the class of the Big Six at least until they meet defending champion UCLA three times in a month's span.

Stanford whipped Washington 57-48, Friday night for its second victory without a loss in the league and its 11th decision in 14 tries over-all Washington is in second place with a 3-2 mark.

If the Indians can get past Washington again tonight, the Huskies will have a mighty tough time catching up.

Stanford meets UCLA, the defending champion, on Feb. 9, 22 and March 8. The title could hinge on those three games.

Except for a scattering of games, most of the collegians were idle Friday night because of mid-year exams.

In the Ivy League, Cornell upset Penn 78-76, and Princeton routed Columbia, 86-63, while on the West Coast, Seattle polished off Gonzaga, 90-59.

In other major games Friday night, Oregon turned back Washington State, 60-51; the Air Force Academy downed Montana, 86-62, and Montana State defeated Idaho State, 53-47.

The action picks up tonight. Besides the Washington-Stanford Big six game, the Southeastern Conference gets back into action with co-leader Alabama an underdog against powerful Auburn. Kentucky and Mississippi State the

co-defending champions, are favored against, respectively, Tennessee and Mississippi.

West Virginia, No. 9 team in the current Associated Press poll, puts its perfect Southern Conference record on the line against Virginia Tech. Loyola of Chicago, No. 2 behind Cincinnati in the AP poll, is at Kent State.

In the Big Ten, Ohio State, No. 6 in the country and still hoping to cash through to the title, plays Iowa in an afternoon game. In another matinee, Minnesota goes against Purdue and in the evening Michigan State entertains Northwestern.

Iowa State is at Missouri and Nebraska at Kansas in the Big Eight while in the Missouri Valley Conference Wichita plays Drake.

NFL Players Don't Think Scandal Will Hurt Much

By JERRY GREEN

Associated Press Sports Writer
DETROIT (AP)—How do the pro players feel about the current National Football League gambling probe that effects their livelihood?

They generally seem to be agreed:

1. The NFL will survive and remain dominant in pro football.

2. Loose lips brought the investigation into the open for the public to see and over publicizing caused the NFL to suffer a black eye.

3. No games were dumped, no points shaved. It is possible to shave points, but highly unlikely.

4. It is difficult for players to know every person with whom they associate because they come in contact with so many fans.

These are the major points garnered with interviews with five NFL players in an hour-long taped radio show Friday night by WXYZ, Detroit.

The players appearing on the show were Wayne Walker of the Detroit Lions, Jim Ninowski of the Cleveland Browns, Dan Currie of the Green Bay Packers, Nick Pietrosante of the Lions and Pete Retzlaff of the Philadelphia Eagles.

Walker has been one of the players named in connection with Commissioner Pete Rozelle's probe. He and teammate Alex Karras, who admitted betting on games, were questioned by Rozelle in New York Thursday.

Retzlaff spoke in the interviews, conducted before Karras' admission became public earlier this week, as president of the NFL Players Association.

Ninowski was asked by WXYZ interviewers—Dave Diles, Ed Hardy and Don Wattick—what player a gambler who wanted to fix a game should seek out?

"If someone were going to fix

a game, the most logical person he'd speak to would be the quarterback," said the Cleveland quarterback.

The interviewers asked: Because he is a quarterback, has Ninowski ever been approached after a game when his quarterback play affected the point spread one way or another and been criticized by an irate losing bettor?

"People sometimes tell me 'You cost me a lot of money,'" replied Ninowski. "I tell them you must be stupid because anybody who bets on NFL games is stupid. You can win 49-0 one week and he next week the same team will beat you. The league has that many good players on every

team."

Ninowski was asked if he knew what started the NFL turmoil.

"It evidently stems back to George Halas (Chicago Bears coach) talking when he shouldn't have," said Ninowski.

What about point shaving, the interviewers asked?

"Gambling is effective only when a player is in financial straits like a college basketball player," answered Currie. "Very few players in pro football are in financial straits."

"It's hard enough to do your own job without shaving points. It's possible to shave points, but highly improbable."

"I don't think this will have any effect on the future of the league,"

Probe In NFL Is Still On, Says Rozelle

NEW YORK (AP)—National Football League Commissioner Pete Rozelle has broken his silence in the pro football betting investigation to reveal that the probe is continuing, that he has unearthed no wrongdoing of a criminal nature and he will announce the findings as soon as possible.

Rozelle said he does not yet have the full facts, but is attempting to complete them.

"Our goal is to wrap it up with one announcement," he said Friday, in a briefing session for news agency reporters who had asked for a report of progress on the probe.

The league began its investigation—which it said was one of a series it regularly conducts—last month after owner-coach George Halas of the Chicago Bears asked for a check into whispered rumors of a betting scandal.

Since then, several players have been questioned and one took a lie detector test. Alex Karras of the Detroit Lions admitted he had bet on games, but insisted he meant he bet cigarettes or cigars with friends, and Carroll Rosenbloom, the owner of the Baltimore Colts denied he had bet on his team.

A word from **THERON** at the **Country Store**

ANSWER TO MAD DADDY
Glad you got a kick out of my add. No I ain't no swingin' Kat, not yet.
Every morning when I open this "Sleepy Country Store" I place my little transistor by the mike and let the music of the real Cool Daddies and their Chicks fill every corner of the place (for 1 hour).
As for the radio station in Philadelphia—I've been down that road all the way and back and believe me it's a trip most any businessman would take only once.

Ruritan Club At Rogers Plans Meeting Monday

ROGERS — Rogers Ruritan Club will meet Monday at the Pythian Lodge with the Pythian Sisters serving dinner and Robert Dailey, president, in charge. Rev. I. Melville Worrley, minister of the Rogers and East Fairfield Methodist Churches, will be guest speaker.

LADIES AUXILIARY of the Rogers Volunteer Fire Department met recently and discussed Wednesday night record hops sponsored by the group. It was decided that one lady and one fireman would work the hop each week.

Festival at the high school on June 3-8. The matter is to be discussed with the firemen.

A special meeting will be held Thursday at 8 p.m. with the firemen. Next regular meeting will be Feb. 11 at 8 p.m.

DISCUSSION WAS HELD on completing the remodeling of the west end of the community hall as soon as possible when the Rogers firemen met with new president, Howard Wise, in charge. He appointed the following committee to check into Bingo: Robert Clark, Jack Laughlin and Jim McKahan.

A work session for cleaning and painting the community hall has been called for Thursday. A practice session on fire equipment was set for Sunday at 2 p.m. with Fire Chief Harley Rice.

Fifteen firemen attended the meeting. Refreshments were served by Howard Wise and Leo Jenkins to the Ladies Auxiliary and Firemen. Special meeting will be Thursday at 8 p.m. in the community hall.

Atty. and Mrs. Donald Elliott and Mrs. Viola Duncan attended the inauguration luncheon of Gov. James A. Rhodes.

MUSCULAR DYSTROPHY Association of America will meet Monday at 8 p.m. at the VFW Post Home in Lisbon. President John Cosma urges all members to be present.

Beaver Local Booster Club will meet Tuesday at 7:30 p.m. at the high school.

Dogpatch style dance will be held Saturday at the Rogers Community Hall sponsored by the Rogers Volunteer Firemen from 9 p.m. to midnight.

Eleven members and two guests attended the meeting of the Rogers W.C.T.U. Tuesday at the

FIRE — Mugette Fabris, 22, a mathematics teacher in Paris, was fired by her school's director after she became Miss France. The director disapproved of her hair style and clothes.

In the Service

William Morris Cope, son of Mr. and Mrs. Arthur M. Cope, 353 West Pine St., Lisbon, has departed from Lisbon after spending the holidays at home. Cope enlisted in the Navy in March, 1962 and following recruit training was assigned to Fleet Sonar School, Key West, Fla. He graduated from this school in December, ranking fourth in a class of 48. He will now report to New London, Conn., where he will attend Fleet Submarine School.

Cope will be in the company of Larry Gene Jensen, son of Mr. and Mrs. Henry Jensen, 1439 E. Third St., Salem. Jensen enlisted in the Naval service in June 1962 and following graduation from recruit training in San Diego was assigned to Fleet Anti-Submarine Warfare School, San Diego, Calif. Jensen completed his school in electrical, electronics and weapons in December, graduating fourth in a class of 15. He was then ordered to Fleet Submarine School, New London, Conn.

Pfc. Arden L. Sauerwein recently concluded a two-week furlough with his parents, Mr. and Mrs. Arnold Sauerwein of RD 5, Salem, and has returned to duty with the 28th Infantry Group at Fort Benning, Ga.

Following a tour of duty with the armed forces stationed in Chinon, France, Specialist Donald A. Goddard recently spent a furlough with his parents, Mr. and Mrs. Howard Goddard of Salineville at Granite City, Ill.
